### DETAILED ACTION

1. Claims 39-72 are pending. Claims 39-59 have been amended and claims 60-72 have been added in this communication filed 3/16/07 entered as Response After Non-Final Action.
2. The IDS filed 1/16/07 has been considered and entered.
3. The claim objection to claim 55 has been overcome by Applicants' amendment to claim 55 and is hereby withdrawn.

### ***Claim Rejections - 35 USC § 112***

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 39, 45, 49, 55, 58, 60, 66, 69, and 72 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 39 and 45, recite "point-of-sale device" and claims 49, 55, 60, 66, and 72 recite "point-of-service device" and "point-of-sale device" or "point- of -transaction". It is unclear from the claim limitations if these are different devices and places of transaction or if they are the same devices and places of transaction. Applicants' are respectfully requested to clarify in the claim language and to the Examiner. Also, to recite "point-of-sale" in some claim limitations and "point-of-service in other claim limitations cause the claim limitations to not be in agreement and to confuse the claim language.

Claims 40-48, 50-57, 59-65, 67, 68, and 70-72 are also rejected because of their dependency from a rejected base claim.

***Conclusion***

6. Applicants' arguments are moot in view of the new above rejection.

Once the above issues have been resolved and after an extensive updated search has been conducted and if there is not any new art found the application will be passed to issue.
